

You

You're here now
You're here now
Blood in my veins, Breath in my lungs
You're here now

You sustain me
I'd be dead and lost
Without you
You give me meaning
You are passion
You are freedom

You're here now
You're here now
Blood in my veins, Breath in my lungs
You're here now **X2**

You're here now
you're here now
the blood in my veins, the breath in my lungs
you're here now

you sustain me
I'd be dead and lost
Without you
You give me meaning
You are passion
You are freedom
