

# Remain

Even in the storm, even in the drought  
Even in the rain, You remain  
Even in the storm, even in the drought  
Even in the rain, You remain

You remain my savior  
You remain my hero  
You remain my redeemer  
My God **X2**

Even in the storm, even in the drought  
Even in the rain, You remain  
Even when I change, even when I move  
Even when I change, You remain **X2**

You remain my savior  
You remain my hero  
You remain my redeemer  
My God **(Repeat as you feel)**
