

Shame Limbo

What's my depth, have I lost connection
I'll take this silence as a confession
I'm too far gone, I'm too far gone
That's ok brother, if you can hear me
Be on your way and be swallowed by the sea
I'm going down

Hello lost souls, tell me the story
Because I swear that I've seen this before
Who are you and where are going
Where's your light can you feel anymore

It was in my head, relentlessly screaming
Digging my bed, all the while scheming
It had been so long since I had even cried
Believe me I wanted to, but it seems the river
That once gave me life had apathetically
Dried out inside, dried out inside

heart stopped dead, but I kept on breathing
No beat in my chest but my blood kept me bleeding
Its not that I mad that shame took away my feeling
Here I am, I'm done

Hello lost souls, tell me the story
Because I swear that I've seen this before
Who are you and where are going
Where's your light can you feel anymore
Your eyes lack depth and your gut lacks discretion
Your empty smile says you lost your expression
Oh shame's made it's way to your heart

Long nights, I can't, see past, my legs
I don't know
Where I'm, going, but I'm, running,
Running home
Long nights, I can't, see past, my legs
I don't know
Where I'm, going, but I'm, running,
Running home

Hello lost souls, tell me the story
Because I swear that I've seen this before
Who are you and where are going
Where's your light can you feel anymore
Your eyes lack depth and your gut lacks discretion
Your empty smile says you lost your expression
Oh shame's made it's way to your heart
