

90

Long
To be and belong
I won't be the one
To hold back my honesty

Calm
Take back my lungs
Show you my song
Give you my everything

God
I've been at odds
With who I once was
And what I have come to be

One
I don't feel strong
So I lean on
The thought of the best of me

Two
I've lost my truth
It's gone in the flume
Of Christian anomaly

Three
I want to be me
I want to be free
Of feelings of novelty

God
I've been at odds
With who I once was
And what I have come to be
